

GIACCAGLIA

Economy Sickle Bar Mowers

Giaccaglia Single Sickle Mowers Give You More Bang For Your Buck...

BF series single sickle mowers provide quality construction and unmatched value.

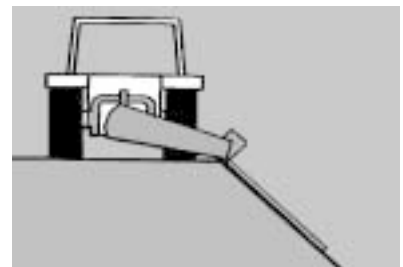

The BF Series of single sickle mowers are designed for easy attachment to tractors from 16 to 80 hp. They are built with a strong yet lightweight tubular steel frame set on anti-vibration bushings. BF series mowers are equipped with an automatic breakaway feature to protect equipment and operator in the case of a collision. Spare sickle blade is included. Height adjustment is by mechanical linkage. Working speed is up to 5 mph.

Pictured:

(Above) BF Series Economy Mower is a durable, affordable single sickle bar mower designed for use with 15- 80 hp tractors.

(At right) The BF Mower easily folds and locks into upright transport position.

(Far right) The BF Series Mower is easily adjustable for height and angle via a simple mechanical linkage. Automatic breakaway feature protects the operator and equipment.
